

Indexes to Volume 26

Authors and Titles

- Anderson, D. T.
See Austin, A. D. 501
- Austin, A. D., and Anderson, D. T.—
Reproduction and development of the
spider *Nephila edulis* (Koch)
(Araneidae: Araneae) 501
- Bailey, Peter—
The biology of the cacao webworm,
Panseptia teleturga Meyr. (Lepidoptera :
Xyloryctidae), in Papua New
Guinea 673
- Baldwin, John
See Muller, B. D. 29
- Barker, I. K., Beveridge, Ian, Bradley, A. J.,
and Lee, A. K.—
Observations on spontaneous stress-
related mortality among males of the
dasyurid marsupial *Antechinus stuartii*
Macleay 435
- Bennett, J. H.
See Smith, Meredith J. 449
- Berkovitz, B. K. B.—
Tooth ontogeny in *Didelphis virginiana*
(Marsupialia: Didelphidae) 61
- Beveridge, Ian—
A taxonomic revision of the genera
Phascolstrongylus Canavan, and
Oesophagostomoides Schwartz
(Nematoda: Trichonematidae) from
wombats 585
See Barker, I. K. 435
- Beveridge, Ian, and Mawson, Patricia M.—
A taxonomic revision of the genera
Macropostrongyloides Yamaguti and
Paramacropostrongylus Johnston &
Mawson (Nematoda: Trichonematidae)
from Australian marsupials 763
- Bishop, A. L., and Blood, P. R. B.—
Temporal distribution, biology and life
history of the cotton tipworm,
Crociosema plebiana Zeller, on cotton
in the south-eastern Queensland
region 147
Temporal distribution and abundance of
the coccinellid complex as related to
aphid populations on cotton in
south-east Queensland 153
- Blood, P. R. B.
See Bishop, A. L. 147, 153
- Bock, I. R., and Parsons, P. A.—
Australian endemic *Drosophila*. IV.
Queensland rain forest species collected
at fruit baits, with descriptions of two
species 91
V. Queensland rain-forest species
associated with fungi, with descriptions
of six new species and a redescription of
D. pictipennis Kertész 331
- Bock, I. R.
See Parsons, P. A. 83
- Bradley, A. J.
See Barker, I. K. 435
- Breed, W. G.—
Ovulation rates and oestrous cycle lengths
in several species of Australian native
rats (*Rattus* spp.) from various
habitats 475
- Britton, E. B.—
A revision of the Australian chafers
(Coleoptera: Scarabaeidae :
Melolonthinae). Vol. 2. Tribe
Melolonthini. Supplement No. 60
(7 June). Abstract 617
- Bull, C. Michael—
The position and stability of a hybrid zone
between the Western Australian frogs
Ranidella insignifera and *R.*
pseudinsignifera 305
Dispersal of the Australian reptile tick
Aponomma hydrosauri by host
movement 689
- Carpenter, S. M., McKean, John L., and
Richards, G. C.—
Multivariate morphometric analysis of
Eptesicus (Mammalia: Chiroptera) in
Australia 629
- Chesson, C. M.
See Smith, Meredith J. 449
- Clark, W. C.—
Nematoda (Oxyuroidea: Thelastomatidae)
from Australian passalid beetles
(Coleoptera: Passalidae) with
descriptions of new species 603
- Clow, Heather—
See Collins, B. G. 269

- Cogger, H. G.—
Reproductive cycles, fat body cycles and socio-sexual behaviour in the mallee dragon, *Amphibolurus fordii* (Lacertilia: Agamidae) 653
- Collins, Brian G., and Clow, Heather—
Feeding behaviour and energetics of the western spinebill, *Acanthorhynchus superciliosus* (Aves: Meliphagidae) 269
- Connor, Elspeth
See Martin, Jon 323
- Dallwitz, M. J.
See Sutherst, R. W. 159
- Dang, H. R., and Guraya, S. S.—
Testis growth and regression in harmful birds in the Punjab in relation to some environmental factors 39
- Davies, Margaret
See Tyler, Michael J. 619
- Decraemer, Wilfreda—
Morphological and taxonomic study of the genus *Tricoma* Cobb (Nematoda: Desmoscolecida) with the description of new species from the Great Barrier Reef of Australia. Supplement No. 55 (12 January). Abstract 433
- De Deckker, Patrick—
Comparative morphology and review of mytilocypridinid ostracods (family Cyprididae). Supplement No. 58 (28 April). Abstract 434
- Dennis, Elizabeth, and Menzies, J. I.—
Systematics and chromosomes of New Guinea *Rattus* 197
- Edwards, Penelope B.
See McDonald, F. J. D. 618
- Exley, Elizabeth M.—
The Australian genus *Brachyhesma* (Apoidea: Colletidae) revised and reviewed. Supplement No. 53 (4 November 1977). Abstract 215
- Chaetohesma*—a new genus of Australian bees (Apoidea: Colletidae: Euryglossinae 373
- Field, R. P.—
Control of the two-spotted mite in a Victorian peach orchard with an introduced insecticide-resistant strain of the predatory mite *Typhlodromus occidentalis* Nesbitt (Acarina: Phytoseiidae) 519
- Giraud, A. S., Hunter, C. R., and St John, D. J. B.—
Epithelial surfaces of the upper gastrointestinal tract of the blue-tongued lizard, *Tiliqua scincoides*: a scanning electron microscope study 241
- Guraya, S. S.
See Dang, H. R. 39
- Halse, S. A.
See Kitchener, D. J. 257
- Harrop, C. J. F.
See Herd, R. M. 621
See White, A. W. 487
- Heatwole, Harold, and Seymour, Roger S.—
Cutaneous oxygen uptake in three groups of aquatic snakes 481
- Herd, R. M., and Harrop, C. J. F.—
Estimation of stomach and caecal volumes in the brush-tailed possum, *Trichosurus vulpecula*, and the rabbit, *Oryctolagus cuniculus* 621
- Horton, D. R., and Samuel, J.—
Palaeopathology of a fossil macropod population 279
- Hunter, C. R.
See Giraud, A. S. 241
- Jamieson, B. G. M.—
A comparison of spermiogenesis and spermatozoal ultrastructure in megascolecid and lumbricid earthworms (Oligochaeta: Annelida) 225
- Johnston, P. G.
See Pennycook, Pamela R. 69
- Jones, H. I.—
Abbreviata (Nematoda: Physalopteroidea) from Western Australian snakes 789
- Kearn, Graham C.—
Entobdella australis, sp. nov., a skin-parasitic monogenean from the Queensland stingrays *Taeniura lymna* and *Amphotistius kuhlii* 207
- Kerr, J. D.
See Sutherst, R. W. 159
- Khan, S. M.
See Tanton, M. T. 113, 121, 127, 139
- King, D. R., Oliver, A. J., and Mead, R. J.—
The adaptation of some Western Australian mammals to food plants containing fluoroacetate 699
- Kirsch, J. A. W.—
The comparative serology of Marsupialia, and a classification of marsupials. Supplement No. 52 (26 September 1977). Abstract 215

- Kitchener, D. J., and Halse, S. A.—
Reproduction in female *Eptesicus regulus* (Thomas) (Vespertilionidae), in south-western Australia 257
- Knutson, Lloyd
See Steyskal, George C. 727
- Lee, A. K.
See Barker, I. K. 435
- Lee, B. T. O.
See Martin, Jon 323
- Levey, B.—
A taxonomic revision of the genus *Prospheres* (Coleoptera : Buprestidae) 713
- Lidicker, W. Z., Jr
See Pennycuik, Pamela R. 69
- Littlejohn, M. J.
See Watson, G. F. 175
- McDonald, F. J. D., and Edwards, Penelope B.—
Revision of the genus *Oncocoris* Mayr (Hemiptera : Pentatomidae). Supplement No. 62 (19 June). Abstract 618
- McKean, John L., Richards, G. C., and Price, W. J.—
A taxonomic appraisal of *Eptesicus* (Chiroptera : Mammalia) in Australia 529
See Carpenter, S. M. 629
- McKenzie, J. A.—
The effect of developmental temperature on population flexibility in *Drosophila melanogaster* and *D. simulans* 105
- McKenzie, R. A.—
The caecum of the koala, *Phascolarctos cinereus*: light, scanning and transmission electron microscope observations on its epithelium and flora 249
- Maelzer, D. A.—
The growth and voracity of larvae of *Leis conformis* (Boisd.) (Coleoptera : Coccinellidae) fed on the rose aphid *Macrosiphum rosae* (L.) (Homoptera : Aphididae) in the laboratory 283
- Malipatil, M. B.—
Revision of the Myodochini (Hemiptera : Lygaeidae : Rhyparochrominae) of the Australian region. Supplement No. 56 (26 January). Abstract 433
Immature stages of some Myodochini of the Australian region (Hemiptera : Lygaeidae : Rhyparochrominae) 555
- Mardon, D. K.—
On the relationships, classification, aedeagal morphology and zoogeography of the genera of Pygiopsyllidae (Insecta : Siphonaptera). Supplement No. 64 (15 September). Abstract 841
- Martin, Jon, Lee, B. T. O., and Connor, Elspeth—
Apparent incipient speciation in the midge *Chironomus oppositus* Walker (Diptera : Chironomidae) 323
- Mawson, Patricia M.
See Beveridge, Ian 763
- Mead, R. J.
See King, D. R. 699
- Menzies, J. I.
See Dennis, Elizabeth 197
- Messel, Harry
See Webb, G. J. W. 1
- Muller, B. D., and Baldwin, J.—
Biochemical correlates of flying behaviour in bats 29
- New, T. R.
See Thornton, I. W. B. 216
- Nicol, Stewart C.—
Rates of water turnover in marsupials and eutherians: a comparative review with new data on the Tasmanian devil 465
- Noyes, John S.—
A revision of the encyrtid genus *Callipteroma* Motchulsky (Hymenoptera : Encyrtidae) 537
- Oliver, A. J.
See King, D. R. 699
- Parsons, P. A., and Bock, I. R.—
Australian endemic *Drosophila*. III. The *inornata* species-group 83
- Parsons, P. A.
See Bock, I. R. 91, 331
- Pennycuik, Pamela R., Johnston, P. G., Lidicker, W. Z., Jr, and Westwood, N. H.—
Introduction of male sterile allele (r^{*2}) into a population of house mice housed in a large outdoor enclosure 69
- Pitkin, Brian R.—
A revision of the Australian species of *Anaphothrips* Uzel (Thysanoptera : Thripidae) 349
- Price, W. J.
See McKean, John L. 529

- Raven, Robert J.—
Systematics of the spider subfamily
Hexathelinae (Dipluridae :
Mygalomorphae : Arachnida).
Supplement No. 65 (15 September).
Abstract 841
- Richards, G. C.
See Carpenter, S. M. 629
See McKean, John L. 529
- Richards, O. W.—
The Australian social wasps (Hymenoptera :
Vespidae). Supplement No. 61 (7 June).
Abstract 618
- Samuel, J.
See Horton, D. R. 279
- Seymour, Roger S.
See Heatwole, Harold 481
- Smith, Meredith J., Bennett, J. H., and
Chesson, C. M.—
Photoperiod and some other factors
affecting reproduction in female
Sminthopsis crassicaudata (Gould)
(Marsupialia : Dasyuridae) in
captivity 449
- Steyskal, George C., and Knutson, Lloyd—
Helosciomyzinae in Australia (Diptera :
Sciomyzidae) 727
- St John, D. J. B.
See Giraud, A. S. 241
- Sumner, C. E.—
A revision of the genus *Parastacoides*
Clark (Crustacea : Decapoda :
Parastacidae) 809
- Sutherst, R. W., Dallwitz, M. J., Utech,
K. B. W., and Kerr, J. D.—
Aspects of host finding by the cattle tick,
Boophilus microplus 159
- Sweeney, A. W.—
The effects of temperature on the mosquito
pathogenic fungus *Culicinomyces* 47
The effects of salinity on the mosquito
pathogenic fungus *Culicinomyces* 55
- Tanton, M. T., and Khan, S. M.—
Aspects of the biology of the eucalypt-
defoliating chrysomelid beetle *Paropsis*
atomaria Ol. in the Australian Capital
Territory 113
Effects of fenitrothion and aminocarb, at
doses giving low mortality, on surviving
eggs and larvae of the eucalypt-
defoliating chrysomelid beetle *Paropsis*
atomaria Ol.
I. Methods, mortality and relative
toxicity 121
- II. Biology of survivors 127
- III. Histological changes in treated
larvae 139
- Taylor, Robert W.—
Melanesian ants of the genus *Amblyopone*
(Hymenoptera : Formicidae) 823
- Theischinger, G., and Watson, J. A. L.—
The Australian Gomphomacromiinae
(Odonata : Corduliidae) 399
- Thornton, I. W. B., and New, T. R.—
The Philotarsidae (Insecta : Psocoptera) of
Australia. Supplement No. 54
(4 November 1977). Abstract 216
- Tyler, Michael J., and Davies, Margaret—
Species-groups within the Australopapuan
hylid frog genus *Litoria* Tschudi.
Supplement No. 63 (19 June).
Abstract 619
- Utech, K. B. W.
See Sutherst, R. W. 159
- Watson, G. F., and Littlejohn, M. J.—
The *Litoria ewingi* complex (Anura :
Hylidae) in south-eastern Australia. V.
Interactions between northern *L. ewingi*
and adjacent taxa 175
- Watson, J. A. L.
See Theischinger, G. 399
- Watts, C. H. S.—
A revision of the Australian Dytiscidae
(Coleoptera). Supplement No. 57
(24 April). Abstract 434
- Webb, G. J. W., and Messel, H.—
Morphometric analysis of *Crocodylus*
porosus from the north coast of
Arnhem Land, northern Australia 1
- Wells, A.—
A review of the Australian species of
Hydroptila Dalman (Trichoptera :
Hydroptilidae) with descriptions of new
species 745
- Wells, R. T.—
Thermoregulation and activity rhythms in
the hairy-nosed wombat, *Lasiorchinus*
latifrons (Owen), (Vombatidae) 639
- Westwood, N. H.
See Pennycuik, Pamela R. 69
- White, A. W., and Harrop, C. J. F.—
The ontogeny of the pancreas in
macropodid marsupials 487

Williams, Joan Bowman—

Studies on the epidermis of *Temnocephala*.

III. Scanning electron microscope study
of the epidermal surface of *Temnocephala*
dendyi 217

Zeidler, W.—

Hyperiidia (Crustacea : Amphipoda) from
Queensland waters. Supplement No. 59
(9 May). Abstract 617

Subject Index

- Abbreviata*, from snakes, W.A. 789
- Abundance
- Coccinellids preying on cotton aphids 153
 - Cotton tipworm, Queensland 147
 - Variations, cacao webworm 673
- Acanthorhynchus superciliosus*, behaviour and energetics, nectar concentration 269
- Activity, related to temperature, wombat 639
- Alimentary canal
- Cell disintegration, insecticides, *P. atomaria* 139
 - Epithelium, caecum of koala 249
 - Upper tract of *Tiliqua scincoides* 241
 - Volume estimation, water-fill method 621
- Amblyopone*, Melanesian, reviewed 823
- Aminocarb
- Mode of action on *P. atomaria* 139
 - Mortality of *P. atomaria* 121
 - Treatment, biology of surviving *P. atomaria* 127
- Anaphothrips*, Australian species described 349
- Antechinus stuartii*, male mortality, related to stress 435
- Ants, Melanesian *Amblyopone* 823
- Anurans
- Litoria*, *ewingi* complex, interactions 175
 - Species-groups described. Supplement No. 63 (19 June). Abstract 619
 - Ranidella* spp., hybrid zone in W.A. 305
- Aphids
- On cotton, natural control by coccinellids 153
 - Rose, larval instar, growth of *Leis conformis* 293
- Aponomma hydrosauri*, dispersal by host movements 689
- Arachnida
- Hexathelinae revised. Supplement No. 65 (15 September). Abstract 841
 - Nephila edulis*, reproduction and development 501
- Bacteria, caecum of koala 249
- Baculum, in taxonomy of *Eptesicus* 529, 629
- Bats
- See Chiroptera 29, 257, 529, 629
- Bees
- See *Brachyhesma* 215
 - See *Chaetoesma* 373
- Behaviour
- Mating and feeding, *Nephila edulis* 501
 - Social and sexual, *Amphibolurus fordi* 653
 - Birds, testis size, season, Punjab 39
 - Bones, pathology, fossil macropods 279
 - Boophilus microplus*, host finding, mathematical model 159
 - Brachyhesma*, revision and review. Supplement No. 53 (4 November 1977). Abstract 215
 - Breeding
 - Cycles and behaviour, *Amphibolurus fordi* 653
 - Eptesicus regulus* in SW. Australia 257
 - Role of environment, harmful birds in Punjab 39
 - Season and behaviour, *Nephila edulis* 501
 - Cacao webworm
 - See *Panseptia teleturga* 673
 - Caecum
 - Epithelial structure and flora, koala 249
 - Volume estimation, possum and rabbit 621
 - Callipteroma*, encyrtid genus, revised 537
 - Calls, *Ranidella insignifera* and *pseudinsignifera*, hybrid zone 305
 - Cattle, finding by *Boophilus microplus*, mathematical model 159
 - Chaetoesma*, gen. nov., 10 species described 373
 - Chironomus oppositus*, karyotypes in Tasmania, incipient speciation 323
 - Chiroptera
 - Flying, energy metabolism 29
 - See *Eptesicus* 257, 529, 629
 - Chromosomes
 - New Guinea *Rattus*, described 197
 - Tasmanian *Chironomus*, show incipient speciation 323
 - Coccinellids, preying on cotton aphids, Queensland 153
 - See *Leis conformis* 293
 - Coleoptera
 - Coccinellids, preying on aphids on cotton 153
 - See *Leis conformis* 293
 - Dytiscidae, Australian species revised. Supplement No. 57 (24 April). Abstract 434
 - Melolonthini revised. Supplement No. 60 (7 June). Abstract 617
 - Paropsis atomaria*, aspects of biology 113
 - Insecticide treatment 121, 127, 139
 - Passalids, nematode parasites 603
 - Prospheres* species revised 713

- Cotton
 Coccinellids preying on aphids 153
 Tipworm, life history, Queensland 147
Crocosema plebiana, life history on cotton, Queensland 147
Crocodylus porosus, dimensions, morphometric analysis 1
- Crustacea
 Hyperiidæ from Queensland. Supplement No. 59 (9 May). Abstract 617
Parastacoides revised 809
- Culicinomyces*
 Effect of salinity of water 55
 Effect of temperature 47
- Development
 After insecticide treatment,
P. atomaria 127
Culicinomyces, salinity of water 55
 Temperature 47
 Pancreas, macropodid marsupials 487
 Sperm, megascoleids *v.* lumbricids 225
 Spider *Nephila edulis* 501

- Paramacropostrongylus*, in marsupials, revision 763
- Parasites
 Cattle tick, host finding, model 159
 Lizard tick, dispersal by host movements 689
 Monogenean, on stingrays, described 207
 Nematode, from marsupials 763
 From passalid beetles 603
 From snakes, W.A. 789
 From wombats 585
 Pygiopsyllidae genera reviewed. Supplement No. 64 (15 September). Abstract 841
- Parasitism, natural level, *Paropsis atomaria* 113
- Parastacoides*, genus revised 809
- Paropsis atomaria*
 Aspects of biology 113
 Insecticide treatment, biology of survivors 127
 Mode of action 139
 Mortality 121
- Phascolarctos cinereus*, caecum, epithelial structure and flora 249
- Phascolostrongylus*, parasites of wombats, described 585
- Philotarsidae, Australian. Supplement No. 54 (4 November 1977). Abstract 216
- Photoperiod, relation to reproduction, *Sminthopsis crassicaudata* 449
- Platyhelminthes, monogenean parasite of stingrays 207
- Population
 Control, male sterile allele, house mice 69
 Dynamics, cacao webworm, New Guinea 673
 Flexibility, *Drosophila*, developmental temperature 105
- Possum
 See *Trichosurus vulpecula* 621, 699
- Predation, natural level, *Paropsis atomaria* 113
- Prospheres*, buprestid genus revised 713
- Psocoptera, Australian Philotarsidae. Supplement No. 54 (4 November 1977). Abstract 216
- Pygiopsyllidae, genera, classification and zoogeography. Supplement No. 64 (15 September). Abstract 841
- Rabbit
 See *Oryctolagus cuniculus* 621
- Rain forest, Queensland, *Drosophila* species 91, 331
- Ranidella insignifera* and *pseudinsignifera*, hybrid zone in W.A. 305
- Rattus*
 Fluoroacetate tolerance, W.A. 699
 Reproductive cycles compared, Australian spp. 475
 Species in New Guinea, chromosomes 197
- Receptors, sensory, epidermis of *Temnocephala dendyi* 217
- Reproduction, spider *Nephila edulis* 501
- Reproductive cycle
Amphibolurus fordi, and fat cycle 653
Eptesicus regulus, SW. Australia 257
Sminthopsis crassicaudata, photoperiod 449
Rattus spp. compared 475
- Salinity, effect on *Culicinyomyces* 55
- Sarcophilus harrisii*, water turnover rate 465
- Season, wombat activity and temperature 639
- Serology, marsupials, comparative. Supplement No. 52 (26 September 1977). Abstract 215
- Sex, differentiation, crocodile 1
- Siphonaptera, review of pygiopsyllid genera. Supplement No. 64 (15 September). Abstract 841
- Skin, oxygen uptake, land v. sea snakes 481
- Sminthopsis crassicaudata*, reproduction, role of photoperiod 449

Snakes

Land v. sea, cutaneous oxygen uptake 481

Nematode parasites, W.A. 789

Speciation, incipient, *Chironomus* in

Tasmania 323

Sperm, development and ultrastructure, megascolecid v. lumbricid earthworms 225

Spiders

See Arachnida 501, 841

Spinebill

See *Acanthorhynchus* 269

Stingrays, monogenean parasite

described 207

Stomach

Epithelial structure, blue-tongued lizard 241

Volume estimation, possum and rabbit 621

Stress, cause of death in male

Antechinus 435

Tasmanian devil

See *Sarcophilus harrisi* 465

Teeth

Didelphis, ontogeny 61

Fossil macropods, abnormality 279

Temnocephala dendyi, epidermis,

receptors 217

Temperature

Developmental, *Drosophila*, population flexibility 105*Paropsis atomaria* 113Germination and growth, *Culicinomyces* 47Growth of *Leis conformis* 293

Regulation, activity, wombat 639

Testis, size, season, birds in Punjab 39

Tetranychus urticae, control in orchards,*Typhlodromus occidentalis* 519Thysanoptera, Australian *Anaphothrips* reviewed 349

Ticks

See *Boophilus microplus* 157See *Aponomma hydrosauri* 689*Tiliqua scincoides*, digestive tract, epithelial structure 241*Trachydosaurus rugosus*, movements, dispersal of ticks 689Trichoptera, *Hydroptila* reviewed 745*Trichosurus vulpecula*

Fluoroacetate tolerance, W.A. 699

Gut volume estimation, water-fill method 621

Tricoma, from Great Barrier Reef, morphology and taxonomy. Supplement No. 55 (12 January). Abstract 433*Typhlodromus occidentalis*, control of*Tetranychus urticae* in orchards 519

Vespidæ, social wasps described.

Supplement No. 61 (7 June). Abstract 618

Wasps

See Vespidæ 618

Water

Salinity, effect on *Culicinomyces* 47

Turnover rate, marsupials v. eutherians 465

Weight, maintenance, nectar concentration, spinebill 269

Western Australia, hybrid zone between

Ranidella spp. 305

Wombats

Nematode parasites described 585

See *Lasiorhinus latifrons* 639
